

Who We Are

L&M Technologies, Inc. is a Hispanic, *woman-owned small business* founded in 1972 and has been supporting its primary client base in the government sector continuously for 44 years. L&M provides logistics support services, facilities maintenance & operations, and professional, technical and administrative professional staff support services. Headquartered in Albuquerque, NM, L&M provides its services nationwide from California to Florida. L&M employs management practices, financial systems, as well as safety and quality programs that are in place and proven over decades of experience. Our management practices are designed to enhance communications and support efficient operations. L&M is experienced with Government and commercial site security requirements. All our employees receive background checks and are trained in L&M ethics, safety, security and quality programs.
